#### Chapter Chatter

Charlotte County

by Terri Whitacre

Charlotte County Public Schools came through Hurricane Ian with damage to many homes and all of our 20 schools but students are now back in school, learning and enjoying breakfast and lunch at Champ's Cafe.

Due to the time off to recover from the hurricane, we missed celebrating National School Lunch Week in October, so we held our own celebration in November, wearing our Peace, Love and School Lunch T-shirts and decorating our serving lines and food courts with 60's-themed items.

Our SNACC group, the School Nutrition Association of Charlotte County for professional development, has been challenged to schedule a meeting this school year. We welcomed Diane Colon and Jackie Yang (a local graduate!) from BMO Bank and they gave many tips on how to make your money work for you. Diane opened her presentation by acknowledging the important work we do each school day and said "You could be feeding a future President!" We also welcomed realtor Sherry Carreau Kroessig who gave us a few minutes of her time and expertise on home-buying. She suggested we "Date our Rate and Marry our Home" when buying a house, meaning, you can refinance the mortgage rate for a house in the future but staying with the home for a time period will build equity and value.

SNACC members brought 2 dozen homemade cookies to the Great Holiday Cookie Exchange meeting that night and donated \$12 to the 'Help Our Own' fund. Everyone took home at least 2 dozen different cookies and we gained money to distribute to our own staff members just before the holidays to 'help our own' food service families have a bit brighter Christmas.

Chapter Treasurer Terry Ross, and Past-President Annette Joyce review expenses and ensure that the checkbook balances.

Director Terri Whitacre attends Chapter meetings and is reimbursed for purchases made with Chapter funds, such as our holiday gift cards that are confidentially presented to those employees whose families may be in need for Christmas.

#### **Goal IV: Governance and Operations**

**Objective:** FSNA will have the resources, board involvement and staffing it needs to serve its members.

**Initiative 4:** Ensure that all chapter bank accounts have appropriate signers and the District Director is aware of the account.

Through different fundraisers, such as yeast-raised roll sales offered at Thanksgiving and donations at our monthly meetings, our Chapter supported several graduating seniors pursuing post-secondary education for a career in our industry: culinary arts, dietetics, hospitality, etc.

# Proud of our Community Service, despite the adversity

We faced many challenges due to Hurricane Ian, which devastated a large part of Charlotte County. Most of our community service revolved around “Helping Our Own” through donations and support.
